PROFESSIONAL SUMMARY

ERP Odoo Developer and Functional Analyst with 5+ years of experience across Odoo v10–v18 (Community), focused on the FMCG and Supply Chain industry. Proven track record delivering end-to-end solutions — custom module development, REST API and middleware integration, ERP migrations, and POS systems — that streamline operations, cut manual work, and drive measurable business results.

CORE SKILLS

ERP & Frameworks: Odoo Framework (v10–v18, Community), OWL, QWeb

Programming: Python, JavaScript, SQL, HTML, XML

Databases & Data: PostgreSQL, ETL pipelines, Data Warehouse integration

Integration: REST API, Middleware development, Microsoft AX, JSON/OAuth

Infrastructure & DevOps: Linux Server (Ubuntu/Debian), Docker, Git/GitHub, CI/CD, On-premise & cloud (AWS, GCP)

Practices: Agile & Scrum, Business analysis, UAT, Project management, Team leadership

WORK EXPERIENCE

Technical & Functional Odoo Developer SPV

Mar 2021 – Present

[PT Akasha Wira International, Tbk.](#)

- Development on Odoo 11 framework — Sales, Inventory, Purchase, CRM, SFA Reporting & Middleware
- Manage & maintain Odoo for fieldforce and Distributor Management System
- Integration with Microsoft AX ERP and ETL Data Warehouse pipelines
- Internal Android app integration & REST API development for fieldforce
- Full migration: Odoo v11 → v14 → v16
- REST API integration for Sampoerna (Mitra AYO SRC)
- Olie's Restaurant — greenfield POS & ERP rollout via ESB: central kitchen production, multi-warehouse delivery, KDS-integrated outlet POS, full financial reconciliation

Key results: 500+ fieldforce users on platform; Manual reporting ↓ 70% → real-time dashboard; 200+ active distributor routes managed; Order processing time ↓ from ~4 hrs to <30 min; Stockout incidents ↓ ~40% via automated reorder alerts; 3 system integrations: MS AX · Android SFA · ETL DWH.
